Bulletin #759

TAKE-OVER DATE — 1965? ✓

All privately owned firearms are to be seized in a house-to-house search and the entire civilian population completely disarmed by the end of 1965!

The Constitution of the United States gives all citizens the right to bear arms as specifically stated in the Bill of Rights, which reads "A well-regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed."

When the day arrives that citizens are expected to give up their arms and to have no protection for their homes and communities, in violation of the U.S. Constitution, we will not have to wait for a take-over - - it will already have arrived!

This Administration which seems so concerned with "civil rights" for a minority group (the Negroes) is busily working on plans to take away the basic civil rights of all citizens. This Administration is clearly and unmistakably planning for our complete disarmament and occupation by United Nations Troops, and is spending millions to perfect these plans.

In the darkness of the night, thieves crawl. Thieves who steal only money are petty thieves compared with those who steal our right to live as free Americans.

Our greatest treasure is our heritage of constitutional liberty. So long as we have the Bill of Rights, we are free.

They can have no other purpose, else they would be willing to preserve government under law instead of control by the arbitrary desires of men. There is no future for the citizen under government not based upon moral principle and constitutional law. Under it, basic freedoms are

by blocking off five states at a time, beginning in the western part of the United States. All privately owned firearms are to be seized under this plan and the entire civilian population completely disarmed by the end of 1965. This is to make easier the policing by the United Nations "Peace-Keeping" International Police Force.

Studies of every kind with regard to civilian resistance, possible civil war, uprisings, revolts - - expected when the citizens discover their plight - - are being made with the aid of experts in all fields including human behavior scientists and mental health experts.

Among those present who spoke or moderated at this frightening symposium were the following: Victor Karpou, 1st Secy. of the Soviet Embassy; Walter Reuther, Pres. of U.A.W.; Robert Matteson, M.E. Arms Control & Disarmament Agency; Joseph O. Hanson, Jr., U.S. Information Agency; J. David Singer, Mental Health Institute; Lt. Col. Harold Aaron, Dept. of Defense; Amrom Katz, Rand Corporation; Marvin Kalkstein, Cambridge Research Institute; Harold Taylor, Council on Peace Strategy; Klaus Knorr, Princeton (CFR - - Council on Foreign Relations, whose aims are to convert America into a socialist nation and then make it a unit in a one-world socialist system); Arthur Barber, Deputy Asst. Secy. of Defense; Anatol Rapoport, Mental Health Institute; John J. McNaughton, Gen. Counsel of the Defense Dept.; Homer Jack, S.A.N.E.; Mrs. Josephine Pomerance, American Association for the UN; Edward A. Conway, S.J., United World Federalists; Harold E. Lasswell, Yale (CFR); D. Lincoln Harter, Soviet Expert, Wagner College; Wm. C. Foster, Director U.S. Arms Control Agency (CFR); Oscar Schachter, Office of Legal Affairs of the UN; Hans Morganthau, Univ. of Chicago (CFR); Wm. Horvath, Mental Health Institute; Sen. Hubert Humphrey (CFR); Quincy Wright, Univ. of Virginia (CFR); and Seymour Melman, Columbia University and Student Peace Union.

"World Peace Through World Law" is the slogan used on behalf of the United Nations. Plans for "Peace" through disarmament and world government were worked out by Grenville Clark, an old One-World Conspirator, who lives in Dublin, N.H. He had his plan ready at the end of World War I for the League of Nations but the United States, being wiser then, would have no part of the League of Nations. He next gave the plan to President Roosevelt to use at the end of World War II, but blames its failure on the influence of the military. Within twenty days after Senator J.F. Kennedy was elected to the Presidency, Clark wrote to him and others of the new and revised plan which called for holding down of the military. "The muzzling of the military" plan was put into action as outlined in the notorious Fulbright Memorandum. A disarmament by stages program was recommended by Grenville Clark in this letter to President-elect Kennedy, and this plan has been proceeding according to schedule.

The American people are being sold the idea that the United Nations is a "peace-keeping" agency. The truth is that the UN is completely dominated by Communists and One-World Conspirators. So amoral and void of principles are they that it is easy for them to overlook the slaughter of thousands of Hungarians, the desecration of churches in Katanga, the brutal slaying of innocent people in Katanga, only because they were anti-Communist. The United Nations took no notice of India's seizure of Goa, but rants about the lack of freedom in Angola and South Africa and is silent about the millions of slave laborers kept in prison camps all over the Soviet-controlled police states. This is the type of "justice" the world can look forward to under U.N. "Peace through World Law."

Let us keep the picture clear and in focus. The enemies of our sovereignty and freedom are the International Communist Conspirators, the One-Worlders, the occult religion-destroyers, the Foundations and last but not least, those in our government who are their co-conspirators, agents, and willing or unwilling tools.

While Communist conspirators are brainwashing our youth, while Communist leaders defy our laws with impunity, while plans for our take-over are coming into being, the Administration expresses only criticism for those who are fighting Communists, the "Right-wing Extremists." These people who have forgotten they swore an oath to defend the Constitution of the United States should remember that there are many Americans across the country who still love God and Country and intend to defend their Constitution against usurpers, and whose patience is running out. Let no one believe that the Administration

PETITION TO THE CALIFORNIA LEGISLATURE

RESOLVED THAT THE UNDERSIGNED CITIZENS OF CALIFORNIA hereby call upon the government of the State of California to take official cognizance of this critical situation. We call upon the administration to provide leadership in taking action to protect our youth from the flood of all types of obscenity now readily available to them and we urge the California Legislature to adopt corrective legislation, such as Assembly Bill 1313 of the current legislative session, authored by Assemblyman E. Dear Miss Gandy:

Please accept my heartfelt appreciation for your kind letter, the enclosed materials, and the 100 copies of Mr. Hoover's CIO speech.

First, let me assure you that I am aware of Mr. Hoover's position on endorsing any undertaking of this nature. It shall be stated clearly in the publication that it is in tribute to him and the F.B.I. For the past four years I have felt that too many know far too little about this great American and what they do know they have to acquire piecemeal. Unfortunately, we'll be quite a spell completing this for it's a 100% volunteer project and all of us have full time jobs (I'm the mother of 6) and numerous other activities in the interest of our great but sick nation.

Now, I should like to make a few more requests. First, we are putting together a slide presentation of patriotic activities in San Diego and my cherished black and white photo on the slide is not as effective as a colored one would be. Also, if you would feel free to send a few informal pictures of Mr. Hoover in relation to his work it would add a great deal to our publication. A few years ago a friend and I spearheaded a "Thank You" card operation for the Director urging all neighborhood children to write. These youngsters were ecstatic when in response some of them even received informal snapshots.

My final request is for copies of the speech at Loyola when he received the sword of Loyola. As a Catholic, I find that while nothing else seems to move many of my fellow Catholics, including priests and nuns, out of their apathy, J. Edgar Hoover is the magic word and we've been successful in reaching educators and others who refuse other patriotic or anti-communist material.

Enclosed is some of my ghost-writing that I trust may be of interest to you. Many thanks again.

Yours for God and Country.

DEDICATED TO A GREAT AMERICAN - ALEXANDER I. ROKE, JR.

Dear Fellow Citizen:

The message in this letter is of vital importance to every straight-thinking, God-fearing American. Filth and perversion have invaded the American scene to a most alarming degree.

Here is the statement from the Russian textbook used in training their agents to take over the world: "By making readily available drugs of various kinds, by giving the teenager alcohol, by praising his wildness, by stimulating him with sex literature and advertising to him or her practices as taught at 'Sexpol,' the psychopolitical operator can create the necessary attitude of chaos, idleness and worthlessness into which can then be cast the solution which will give the teenager complete freedom everywhere." While Communism is not the cause of our moral decay, it is a major ingredient in their formula for conquest of the United States. J. Edgar Hoover, Director of the F.B.I. stated, "The increasing number of crimes is due precisely to sex literature madly presented in certain magazines. Filthy literature is the great moron maker. It is creating criminals faster than jail can be built."

It is not enough to merely ring our hands and give lip service to such problems. Concerted, intelligent action on the part of concerned citizens is all that will restore this nation to moral sanity. Way back in the 12th Century, Dante pungently proclaimed that "the hottest places in hell are reserved for those who, in a period of moral crisis, maintain their neutrality."

In California we are indeed fortunate to have Assemblyman Richard E. Barnes in the State Capitol leading the crusade for decency. Over 60,000 signatures have already been obtained in support of his anti-smut bill AB 1313 and it is the goal of the S.D. Patriotic Society to help push this figure over the 100,000 mark. The hearing for this bill has been set for April 20 so please give this your immediate all-out effort. If possible work this in as a project through your church, clubs, and civic organizations. All filled petitions must be returned by April 12.

And while we're on the subject, have you scrutinized the movie page of your local newspaper lately? We find that it would be right at home between the covers of the cheapest girlie magazine. Don't blame the Press - newspaper people tell us they make a sincere effort to choose the least offensive of the filthy lot of ads to select from. Walt Disney (God bless him, may he live forever!) is the only one in Hollywood turning out fit entertainment for our youngsters. We are also grateful for Hedda Hopper, the dynamic columnist, who has taken a courageous stand on this issue. We recommend that you write her at 6331 Hollywood Blvd., Hollywood, Calif. expressing your gratitude and your personal observations regarding the movie industry. In addition, express your views to your congressman.

Please join us in our efforts to do a little spring housecleaning on our nation's morals.

Yours for God and Country

DEDICATED TO A GREAT AMERICAN - ALEXANDER I. HOPKINS JR.

Last month's newsletter to pledge

Dear Fellow Patriot:

We are happy to report that your society is moving back into high gear with interesting activities being formulated for the near future.

Recently it was our good fortune to purchase an almost new Multilith 1250 (\$3500 value) from a very special friend for \$1,000.00. Our trusty old press sputtered and finally died a peaceful death after 10, these many years and millions of run-offs.

Not long ago a letter to the editor expressed concern over the absence of an American flag in our elegant new Civic Theatre. Your society immediately offered to present them with one and the offer was accepted. On March 9th, San Diego Mayor Curran will accept a 9 x 12 flag from a Patriotic Society representative in a ceremony during which two Eagle Scouts, Michael and Richard Galvin will participate. Old Glory will be permanently suspended from the ceiling that all might appreciate her to the fullest. If you ever have an opportunity to visit our Civic Theatre you will experience a glow of satisfaction with the knowledge that you contributed to such a worthwhile cause.

The proceeds from the annual "Patriots Ball" on February 13th made a substantial payment on the press. We wish to especially thank those who really hustled the tickets. The music was excellent and so was the atmosphere, thanks to the generosity of the San Diego Hotel management who "loaned" us his ballroom.

A broadened and improved education program is our chief objective. Way back in 1947 when J. Edgar Hoover was already an old hand at trying to awaken Americans to the threat of Communism, in a Newsweek article, "How to Fight Communism" he stated: "We cannot hope successfully to meet the Communist menace unless there is a wide knowledge and understanding of its aims and designs." In 1956 he exclaimed, "It is to me appalling that so few among all the citizens who daily enjoy the God-given blessing of being free Americans are sufficiently interested in their future and that of their children to acquaint themselves fully with the facts of communism." Therefore it is left to those of us who have heeded these words to instill in the hearts and minds of our friends a sense of moral responsibility to do likewise. We are in the process of developing a stream-lined study group manual which will assist our friends across the nation in conducting their neighborhood study group.

One of our most effective means of spreading the truth has been our six-pack program. We contend that any patriot can distribute well documented material to at least six people, so we devised a mail-out operation whereby 6 of each of our run-offs is mailed out at cost - - approximately \$1.80 every three months. If you are already one of our "six-packers" the enclosed is for you to convince a friend to use it.

Remember the old campaign days (who could forget!) when "None Dare Call It Treason" and "The Gravediggers" were the hottest thing going? The election proved that it is now more important than ever that Americans read this vital information. We still have a large supply of these books - - the ten for \$3.00 offer is still good - - but we sure haven't had many orders since Nov. 3rd!

100-13180-15

We'd like to share with you a story which could be classed as a tragedy. There's a fine group of patriots called "Food Industry for America" whose sole operation is to place their excellent patriotic book racks in super-markets and other places of business. In the San Diego area the Food Baskets and Thriftimarts display these racks. Yet here, in America's stronghold of conservatism, (yes, it is!) the books don't sell and are in danger of being pulled from the Food Baskets. Have you personally congratulated your local manager for displaying this rack, then tactfully reminded him of his good fortune in being able to obtain such excellent books, - - and did you dig deep and buy one to give to a sick friend? If you haven't, please do! We especially recommend "FREEDOM, America's Choice," a wide selection of patriotic articles adopted from READER'S DIGEST. Incidentally, the coveted "Freedom's Foundation" \$5,000.00 award has recently been awarded to READER'S DIGEST. Eugene Lyons, senior editor and a tireless anti-communist deserves letters of commendation.

By the way, in San Diego County we have two outstanding publications "The Liberty Bell" and "Think" which are examples of the professional workmanship of dedicated volunteers. Your free copy is available for the asking.

Our last proposed action deals with one of the most critical problems facing the nation today. Those of you outside of California will perhaps take heart and proceed along similar lines in your state on solving the pornography problem. Our beloved Assemblyman E. Richard Barnes has enjoyed the distinction of being attacked in national publications for his courageous fight against smut. His excellent bill, AB 1313 (what a number) which through his tireless efforts has been co-authored by 24 Democrats and 24 Republicans needs all the support we can muster. Before April 1st we must flood his office with filled petitions like that enclosed. Who among us cannot get at least one filled among our friends, neighbors, fellow church members and club members? Please send your filled petitions along with your letter of support directly to Assemblyman Barnes at the State Capitol in Sacramento. In addition, stimulate interest and concern wherever possible on this grave matter that concerns us all.

Once again we have reached the inevitable closing paragraph. Like the preacher who reluctantly tells his flock from the pulpit "I don't like to talk about money, but" we, too, must remind you that if you like what we're doing, we can only continue doing it with increased support. Where in U.S. Conservativoland is so much being accomplished by an organization with only one paid employee. Our operation can only expand if you sell our story to a friend and urge him to make a modest pledge on the enclosed pledge slip.

Thank you and God Bless You for Your loyal support.

Yours for Freedom,

Jack Childres

P.S. More petitions are available as needed. Request a new one from Assemblyman Barnes when you send in each one that has been filled.

Enclosed are 2 copies of a self-explanatory communication received from captioned individual who regularly receives material distributed by this Bureau. Also enclosed are 2 copies each of 3 circulars put out by the San Diego Patriotic Society, for which no derogatory information appears in Bufiles. Your attention is directed to the release dated 3/22/65, paragraph 2, which attributed Mr. Hoover as linking obscene literature with creating criminals faster than jails can be built. In addition, your attention is directed to the references to Dr. Carl McIntire and the book, "None Dare Call It Treason," which appear on the other release not dated. Also enclosed are 10 copies of my speech, "Time for Decision."

As is known to your office, we have sent material to [redacted] in the past. By letter 3/9/65, she was sent some data concerning my biography and this Bureau in order to be of assistance to her in connection with her planned program. However, in view of the additional data contained in her current communication, it is felt that the FBI should not be placed in a position where an innocent reader may obtain the impression that this program and group have received the sanctions of this Bureau.

Therefore, you should instruct an experienced Special Agent to contact [redacted] and orally acknowledge the receipt of her letter by Miss Gandy and subsequent referral to me. Appreciation for her efforts should be expressed and the enclosed 10 copies of my speech, "Time for Decision," should be given to her. Tactfully, her attention should be directed to the alleged quotation of mine concerning sex literature. It should be explained to her that

While this Bureau furnished Mr. Pollack articles concerning obscene literature, the actual quotations attributed to me by Pollack were apparently authored by Pollack based upon his conclusions obtained from my literature. Further, it should be explained to her that this Bureau has not discovered any direct connection between the communist movement and obscene literature; however, by the very nature of regulations governing our files, this material must remain confidential. With this in mind, [REDACTED] should be advised that it is difficult for this Bureau to become associated with a program such as hers even though it is readily understood that her goals are admirable.

DUMITRU DANIELOPOL SAYS:

Red Leaders Unlikely to Visit U.S.

WILL RUSSIA'S leaders accept President Johnson's invitation to visit the United States?

It appears highly unlikely, at least this year.

The President extended the invitation in his State of the Union address to a joint session of Congress. Ambassador Foy Kohler carried a formal invitation to Moscow when he flew back to his post after spending the holidays in the United States.

Unofficial Soviet sources in Moscow expressed skepticism to American reporters about such a trip by Premier Alexei Kosygin or Communist Party boss Leonid Brezhnev.

The same skepticism was encountered in diplomatic and Eastern European exile circles in Washington.

Some informed observers regard the President's invitation as a political gesture designed to dramatize his Administration's desire to reduce East-West tensions and bring a rapprochement between the United States and the Soviet Union.

Others, however, see a subtle American diplomatic ploy designed to confront the Russians with an embarrassing choice.

Acceptance of the American invitation, they point out, would be certain to alienate further the Communist regime in Peking.

President Johnson in his speech sketched two pictures of communism—a maturing Russian kind with which he hopes to reach agreements, and a violent Chinese kind that practices aggression in Asia and which must be opposed.

If the Russians accepted Mr. Johnson's invitation they

would be trading the promise of closer ties with Washington for the almost certain dissolution of their alliance with Peking. Such a choice would touch off a shattering ideological dispute inside the Communist system. The shaky Moscow grip on Red parties in Italy and France might be broken.

Observers in Washington are quick to point out that Kosygin and Brezhnev have

moved to patch up the Sino-Soviet split, not widen it, despite the President's desire to treat the Red powers separately. And they emphasize that the new Kremlin leaders are not secure in their own capital. The power struggle touched off by the ouster of Nikita Khrushchev is not yet settled.

The planned visits of Soviet leaders to London and New Delhi cannot be compared with a trip to the United States.

Britain and India both maintain diplomatic relations with Red China. Trips to their capitals could not be interpreted as anti-Chinese.

... Province, were murdered there with poisonous gas. In case you might find it difficult to believe that Castro would use poisonous gas, let me quote a personal experience. (August, 1953, four months before Castro came into power) my wife and I went to Castro's main headquarters in the Sierra Maestra mountains, to protest to his High Command the burning and burning to the ground, by Castro rebels, of our home on our coffee farm in these very mountains. (This was at the very period when Fidel Castro was being lauded in the United States as the Abraham Lincoln and George Washington of Cuba!) One of the members of the High Command present was Major Dr. Raul Chilbas, later to become one of the judges of the Tribunal of the famous blood-bath trials which shocked the world, and who became a refugee in the U.S. They promised that justice would be done. It never was. After leaving that during the war, I was in the "Chemical Warfare" section of the British Royal Engineers. Castro's High Command started probing me for information about poisonous gases. The Soviet General Enrique Mendosa (later to become one of the most hated men in Cuba) asked me to join the Castro rebels as the expert on poisonous gas. I would be given the rank of Major-General. I flatly refused. A few weeks later when my wife and I were continuing our futile protests in the Castro-captured mining town of Bueycity, Captain Omar made the same proposition to me, which I again turned down. Two weeks later I was arrested in the mountain town of Guisa by the Castro rebels on the trumped up charge of being a murderer!

Many people wonder why Cubans join the militia. The answer, of course, is that if you don't join you can't get any jobs; and without jobs you can't eat - that is, whatever little food that may be available. In my home town of Bayamo, women were fighting in the front lines for bread. Reports indicate that the very old and very young are dying of malnutrition. Electricity in homes is rationed, with only one light allowed on at a time.

A full story of Castro's diabolical, savage, and brutal attempts to obliterate the Catholic religion in Cuba has not been unfolded to the American public. Militias were encouraged to fire into the people during religious processions. Priests were jailed with their families, the militia made mock travesties of the Mass, and drunken orgies took place at the altars, with the militia drinking the sacramental wine. Altars were looted and furniture smashed, and the militia danced the cha-cha-cha with statues of the Holy Virgin. Peasants and nuns were stripped naked, and in some cases beaten. WHY HAS THIS IMPORTANT HEADLINE NEWS NOT REACHED THE AMERICAN PUBLIC?

A teenager from Cuba recently said that teenagers in Cuba are forced to witness executions of patriots fighting Castro. He said that captive audiences of young kids are forced to watch death at the execution wall at least twice a week in the city of Santa Clara. A Soviet officer was a member of the Castro firing squad which executed 12 anti-communist Cubans on March 28. And while the U.S. students were in Havana busily praising the Castro regime, the Castro tyranny officially executed four Freedom Fighters at the General Fortensac Barracks. In addition there was the unofficial execution of 57 other patriots in Trinidad, Las Villas Province. And from time to time, groups of 50 or 60 peasants have been taken into public squares and mowed down with machine-guns.

The Cuban Information Service angrily reports (and rightly so) that Louis Lomas, a Negro seaman who travelled to Havana at the special invitation of Fidel Castro, alleged that it was impossible for negroes to work at governmental jobs in Cuba before Castro came into power. This is a downright lie. Before Castro, government departments and offices all over Cuba had a large percentage of colored employees as every Cuban will confirm. I CHALLENGE LOUIS LOMAS TO MAKE THIS STATEMENT IN FRONT OF ME ON ANY TV, RADIO, OR PRESS INTERVIEW. The Association of Exiled Cuban Negroes in Miami have reported that more than 50,000 Cuban negroes have presented applications to leave Cuba and have been denied. Many other colored people have faced the firing squads.

THIS IS CUBA TODAY. A LAND OF FEAR, TERROR, MISERY AND POVERTY. THIS IS THE "UTOPIA" PROMISED BY THE COMMUNIST MASTERS! This is the land whose diabolical and murderous Castro Communist Regime is being glorified by the members of the U.S. students recently in Havana. This is the land about which many philosophers, professors and intellectuals paint a rosy picture, while in many cases decrying "American Imperialism."

I can't understand why these champions of Castro, who seem to find it so unpleasant in the United States, don't go to live in Cuba!

It is felt that it would not be well, therefore, for a representative of your office to appear at the meeting. You should contact the appropriate representative of the Society and point out to him tactfully that official commitments have arisen which preclude a representative of your office appearing at the meeting. REGISTRATION INSTRUCTION SHEET

1. Materials needed
 - A) List of AIP's in your area
 - B) pitch sheet
 - C) Registration book (all workers should be deputies if at all possible)
 - D) Reporting forms
2. Contact all AIP's in your area as soon as possible. We must have a 75% reregistration level so it is imperative to call back on those who are not home the first time or even the second. It is also quite vital that we know who has moved.
3. Use pitch sheet you have been given when you go to the door. Any questions should be answered in a very polite way. Some of the questions might include:
 - a. Can you still vote for Wallace? yes
 - b. Does Wallace agree with this? Yes, he is a democrat himself and is going to run in several states as a Democrat in the primaries.
 - c. Why should I reregister? To have a vote in the primary elections to help those candidates win who oppose forced bussing.
4. Keep record of all the people you contact as to whether or not they reregistered and how. And again, we must know who has moved. A report form must be filed with our office every week.
5. If you have any problems or questions or IF YOU FEEL YOU CAN'T COMPLETE THE REGISTRATION DRIVE IN YOUR AREA BY DECEMBER 15th, call us immediately. (collect if necessary).

PITCH SHEET:

Hello (greet voter by name), my name is _____. I am from the Committee to Stop Forced Bussing. We are contacting all of the registered AIP members in California to ask that they register Republican or Democrat to help defeat pro-bussing candidates in both major parties. Can I reregister you.

Communism WHO ARE *is* *Treason* STUDENTS FOR A DEMOCRATIC SOCIETY?

"The 1964-65 school year was a busy time for Communist leaders in all areas of the country, as the party intensified its efforts to attract young people through public appearances on college campuses. Party leaders spoke to more than 37,000 students in 56 appearances during this period. This concentration was aimed at gaining acceptance for the party as a legitimate political activity. ..and spreading Communist propaganda.

Another major weapon which the Communist Party is directing against young people is the W. E. B. DuBois Clubs of America. This party-oriented youth organization, founded in June, 1964, at a convention in San Francisco, Calif. which was dominated and controlled by Communists, has as its basic aim the promotion of Marxism-Leninism. The Marxists believe that these clubs.....have great promise in reaching youth." - - J. EDGAR HOOVER

Students for a Democratic Society, working in cooperation with other groups has moved into the fore-front in demonstrations, marches, parades and protests in opposition to the United States policy in Vietnam. They sponsored the march on Washington on April 17, 1965 and are active in planning other activities from coast to coast.

HISTORY - In 1905 Upton Sinclair and George Strobel drafted a 'call' to form an association to promote socialism among college men and women. In response to the 'call', 100 met and formed the Intercollegiate Socialist Society. One of the charter members of this organization was Walter Lippman. Their publication: Socialist Review.

In 1921 the Intercollegiate Socialist Society changed its name to the League for Industrial Democracy and broadened its aims and purposes. The Student L.I.D. has now become Students for a Democratic Society.

Among the programs of the L.I.D. were the abolition of the R.O.T.C., the abolition of

student loyalty oaths and promotion of the Oxford Peace Pledge (not to fight for one's country). Then, as now, they were much concerned with the issue of "Academic Freedom." In 1950 James Farmer became their Student Field Secretary. Farmer, who will resign as head of CORE March 1st, to assume the presidency of a new nationwide literacy training program "National Cooperative Literacy Program," financed by federal and private antipoverty funds, was given credit for organizing L.I.D. chapters at Oberlin and Antioch and reviving chapters at Harvard and Wayne. In 1951 the L.I.D. convention went on record in favor of a "war against poverty," a phrase with a familiar ring.

Common sense is reason

National Secretary of SDS is Clark Kissinger who reportedly advocated at the SDS convention this year that the members deliberately violate the Espionage Act of 1917 by distributing leaflets to servicemen, urging them to desert or adopt other means to avoid participating in the Vietnam War.

From June 9th through June 13th, 1965, the SDS held its National Convention in Michigan. A report shows that there were 250 delegates from 27 colleges present. Male and female delegates shared cabins and used the same toilet facilities. Many went barefoot and the majority were described as unshaven, dirty and unkempt.

Among other organizations represented at this convention were: The Young Socialist Alliance; The Spartacists, another Trotskyite group; the Progressive Labor Party, a pro-Chinese group and the May 2nd Movement.

In the first official statement of SDS, its members consider themselves "the new left," and to accomplish their purposes they call for "national efforts at university reform by an alliance of students and faculty. They must wrest control of the educational process from the administrative bureaucracy.....They must consciously build a base for their assault on the loci of power."

According to a booklet prepared by Tom Hayden (Staff, SDS) the "SDS is an association of young people on the left who seek alternatives to poverty, racism, corporate or military rule in public affairs and governments which people no longer control." The booklet features a photograph which shows a group of beatniks holding a sign proclaiming, "we protest inadequate everything."

Having been spawned by the Fabian Socialist Movement, this organization is simply carrying out Marxist philosophies, moving further to the left and cooperating with radicals, communists and revolutionaries. Mothers and fathers who are sending their children to college for an education often at great sacrifice, should have the facts to inform themselves and their children concerning such organizations.

The Communists plan to influence students is now progressing to the high school level. On Dec. 14th, 1965, according to Crawford High School students, San Diego, Calif., who were eye witnesses, the following occurred: As classes were dismissed, four young people stationed across the street from school, passed out printed sheets, bearing the signature "Students for a Democratic Society." The apparent spokesman for the group was bearded, barefoot and dirty. When the police arrived, he immediately quoted the laws protecting his activity. Excerpts from the sheet amply evidence the distorted and divisive thinking on the part of the Students for a Democratic Society:

"We are students at State College. We're out here because we've been shocked and pushed into realizing that high school students are not children, but are people with all the capabilities and brains and guts possessed by adults. We're here because high school students are pushed around more, with less reason, by stupider administrators than perhaps any group of humans in America, and because you haven't yet had any chance to fight back.

"You people are being stepped on in much the same way as college students are stepped on, only you get it a little harder. The way we see it, you're in a kind of machine. You know yourselves that you're getting a lousy education. You're just receiving much the same stale pabulum that they handed us a couple of years ago, and you probably realize that very little of your high school education is ever going to be useful. What is worse, almost none of your college education is beautiful or interesting or even honest. It's not beautiful because administrators don't give a damn about your interests; it's not honest because your society is dishonest.

"You're going to school in one of the most wasteful of all possible school systems. You could be getting an education better than that given at any private secondary school, but you aren't. Instead, you're being run through a mill that is operated by bureaucrats: stupid people run the show as wastefully and as dully as possible.

"DRESS REHEARSAL"

BILLY GRAHAM

On August 16, Billy Graham stated:

"The riots in Los Angeles, Chicago, and Springfield are only the beginning--a DRESS REHEARSAL for revolution" -- San Diego Tribune, 8/16/65

*a vote for Ronald Reagan

The battle lines have been drawn. The Kremlin has decreed:

"At that hour (the take-over) large race riots are supposed to take place in

every city of any size... The disturbances are to be of some extent so as to require sending large forces of police to those areas. While authorities are trying to quell these riots, picked bands of Reds are to seize the radio and TV stations and telephone exchanges.

"When night comes, the city is to be in pitch darkness. Murderous bands of Reds will roam the streets, plundering shops and stores, and starting fires in old buildings. This will increase the panic... Then, as the morning's sun casts its first rays on the community, one will be able to see blood flowing in the streets..."

This is the plan laid down by the top Communists in the United States.

*6204
8/31/66*

The City of Los Angeles, California is comparatively quiet now. The rifle fire is silent. The billowing columns of smoke drift on the wind and blend into the clouds. The screams of "Kill! Kill!" are slowly dying away. The madness and the anarchy echo bleakly down the streets. The stench of death still hangs in the air. The terror is still upon the people. But, for the most part, the city lives in relative quiet.

Were these riots the "dress rehearsal?" Were they the means employed by the Enemy Within to test the city and its people? Were they the factors used to determine what the police would do - how far the populace would go to protect and defend itself - would armed troops be sent in and, if so, on which side? Was this not then, in truth and in fact, the dress rehearsal for the take-over?

The hue and cry of "police brutality", "social injustice", "poverty" rose with hypocritical monotony. It is the same old hat - all of which continues to avoid the real issue and the real reason behind the anarchy and insurrection in Los Angeles and San Diego - and elsewhere. For the real issues and the real reasons are the same as they have always been - the Communist plan for taking over the United States by internal revolution, using the race issue as the means by which that revolution is to be accomplished.

Israel Cohen, an American Communist leader, wrote a 20th Century Racial Program in which he said: "We must realize that our party's most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by the white, we can mould them to the program of the Communist Party." (2) The debris in Los Angeles should prove that Cohen meant what he said and that the Communists have achieved one more objective in their program to subjugate America to the will of the Kremlin. Los Angeles, as never before, was another victory for Communism.

Was this then, the dress rehearsal for the real terror that is to come - to your town and to every other town in America? Was it just a part as well - Chicago and Springfield coming as they did, simultaneously with the attacks upon Los Angeles? If Americans do not recognize the pattern by now - this unleashing of mad animals upon American cities and their citizens - as a pattern for Communist conquest of this nation, then Americans understand neither Communism nor Communists.

We are constantly bombarded with the stock phrase that there are no Communists in the Civil Rights movement - oh, maybe one or two -

but really there are no Communists in the movement. Who are they trying to deceive?

Let's take the foremost Rights leader - Martin Luther King, Jr. Congressman William L. Dickenson of Alabama reported his findings after the Selma to Montgomery march. He said: "And what about the King himself? - King Martin Luther?... Martin Luther King has amassed the staggering total of more than 60 Communist front affiliations since 1955." (3) Isn't this enough evidence?

And what about other leaders? How well qualified are they to lead? What is their moral character and personal integrity? How about "Mr. March" as he is called - Bayard Rustin. Senator Strom Thurmond of South Carolina had this to say about Mr. Rustin: "Mr. Rustin's criminal record serves as a good beginning point. Mr. Rustin is reported... as having served 28 months during World War II as a conscientious objector. The true facts are that he was sentenced for failure to abide by the selective service law... He was convicted in 1953 in Pasadena, Calif., of a morals charge after being arrested with two men. The 'morals charges' are true. The conviction was sex perversion and a subsequent arrest of vagrancy and lewdness. Mr. Rustin pleaded guilty to the sex perversion charge." (4)

With men like King and Rustin and a few hundred others like them, leading the Civil Rights movement, and such groups as the Black Muslims, it is small wonder that Los Angeles was pillaged and burned and people beaten into senseless masses and terrorized beyond human endurance.

Ask yourself the question: What would happen to me and a few hundred of my friends if we decided to roam the streets of any city in a mob that was terrorizing an entire city? Would someone write laws for me to protect my "civil rights" because I thought I was frustrated and it was a hot, humid night? The answer is a blunt "no". Yet, the liberals are at it again - hardly before the blood is dry on the street, declaring that what happened in Los Angeles is somehow the "white man's fault." It is somehow their fault that thousands of mad animals turned a city into a living hell of death and terror.

Now, sit back and contemplate your fate - and the fate of every white man in the United States - and the fate of every city in the United States. The rioters may be partially subdued at the moment and the city may be relatively quiet - but how long will it stay that way? How long before they ring the curtain up on the opening perform-

ance of "Revolution, USA?" How long can you, or any decent person, walk the streets of your town without fear clutching at your heart? The Negroes who terrorized and destroyed Los Angeles spit on their own ministers. Do you think they have run out of spit - for you?

How safe are you? How long before it begins again - maybe not in the same place but in other cities. A week? A month? Tomorrow?

The week of terror which passed such a short time ago is only the beginning. You have been witness to the "dress rehearsal."

Editor's Note: There is no relationship between right and wrong and the color of a man's skin. An American is loyal or disloyal, law-abiding or contemptuous of law and order. The color of his skin has no bearing.

The following headline appeared in the Los Angeles Herald Examiner on Tuesday, August 17, 1965:

Reds Backed Riots: Yorty

Communists, their dupes and other demagogues, played a big part in the riots here, Mayor Samuel W. Yorty charged today.

"For some time there has existed a world-wide subversive campaign to stigmatize all police as brutal. The cry of police brutality has been

shouted in cities all over the world by Communists, dupes and demagogues irrespective of the facts.

"Such a campaign has been vigorously pushed here in Los Angeles."

"In fact," Yorty said, "the 'big lie' technique has been used to such an extent that some unthinking people have been misled by the incessant repetition of the lie.

MEET TOLD

A high police official reportedly informed the mayor that a meeting of a Communist-line group composed of top Reds met in Los Angeles Sunday and marked the riots as an "excellent source of trouble for fomenting dissension and hatred of the police department."

Part of the in-

'Civil Rights' leaders

Sincere Americans want to know the truth. There is ample evidence of Communist influence within the so-called "non-violent" Civil Rights Movement. The picture on the next page shows Martin Luther King at the Highlander Folk School in Monteagle, Tennessee during the Labor Day week-end of 1957.

Charged with being a subversive organization and after illegally selling liquor and permitting promiscuous lewdness, the school was closed by the state of Tennessee.

Rustin went to Scandinavia with Dr. King in 1964, when the latter received the Nobel Prize-- for peace.

HUNTER PITTS O'DELL
— Identified Communist —

King replaced Rustin with Hunter Pitts O'Dell (alias Jack H. O'Dell) about 1960. O'Dell was identified as a communist organizer in New Orleans in 1956 (9) and was elected to the CPUSA national committee in 1961 (10).

Also Anne Braden, Carl Braden, and Dr. James Dombrowski (all identified communists) are supporters or associates of King and are past or present officials of SCEF. (11), (12).

"Non-violence", communist style

DR. KING has stated, "The price that America must pay for the oppression of the Negro is the price of its own destruction". (13) In his book "Stride Toward Freedom", p. 191, KING states "... the racial crisis in America is a part of the larger world crisis."

Two Negro 'Civil Rights' Workers Speak Out

JULIA BROWN

Mrs. Brown, a Negro, joined the Communist Party in Cleveland hoping to improve Negro "civil rights". When she found that CPUSA was a "conspiracy and trying to destroy my country" (14), she notified the FBI. She later was an undercover agent for the FBI for over nine years. Julia Brown was a star witness before the U.S. House Committee on Un-American Activities in 1962.

MANNING JOHNSON

MANNING JOHNSON, a Negro, after ten years as a high official in the Communist Party was prepared to spend the rest of his life waking up his fellow Americans. And this he tried to do before his untimely death, both in his book "Color, Communism, and Common Sense", and in his testimony before the Louisiana Legislature when he stated:

"Let us examine...some of these people who have been in the driver's seat in the

NAACP.... You have Negroes. You have white philanthropists. You have communists, fellow-travelers, some eggheads, and idealists, and people who do not know what they want, combined with Socialists, and Trotskyites... their programs and policies are based upon the teachings of Karl Marx... all of them fighting over the poor Negro. They want to use him in their political plans. They are basically anti-capitalism; they all seek in one form or another the destruction of the government of the United States..." (15)

J. EDGAR HOOVER STATES

J. EDGAR HOOVER testified officially as follows:

"The Negro situation is also being exploited fully and continuously by communists on a national scale... The party's objectives are not to aid the Negroes, but are designed to take advantage of all controversial issues in the race question so as to create unrest, dissension and confusion in the minds of the American people." (16)

"Always alert to exploit discontent and promote disorder, the party continued to regard the civil rights issue as one facet of the class struggle within the capitalist system. With this Marxist-Leninist analysis as a guide, the party has an objective by using the civil rights issue to create a NEGRO-LABOR COALITION which it would dominate to advance the cause of Communism in the United States". Communism is Treason The National Council of Churches of Christ

God and Communism can no more exist side by side than can Capitalism and Communism. One or the other must surely perish. The Communist leaders have said that the most strategic "front" for their attack is the church. They have boasted that "If we can place one dedicated Socialist in a professorship in each American Theological Seminary we will soon capture the American church, and capturing that, we have America." In light of the Communist drive to subvert the church, it is vital that Americans understand the position of the National Council of Churches of Christ in America.

What is the NCC? Briefly its history is this: The Federal Council of Churches was organized in 1908. By the middle thirties it was so heavily infiltrated with Communists that the Office of Naval Intelligence branded it a subversive group.

By 1950, pro-communist extremism in the Council was so apparent that the organization was losing public support. A change of name - but not of policy or leadership - was effected. In Nov. 1950, the Federal Council merged with other church organizations and formed the National Council of churches. The old Federal Council leaders became the leaders of the National Council. The Federal Council "Bulletin" for Dec. 1950, officially announced that "All the work of the Federal Council will continue under the new auspices." The mountain of evidence available bears out the truth of the Bulletin's pronouncement.

Why would ministers of God want to assist the Communist plot to destroy Christianity and America? Part of the answer lies in a statement by former U. S. Rep. Walter Judd. He said: "Ministers do not become communists - communists become ministers." Karl Prussion, one time member of the Communist Party and later, undercover agent for the FBI, verified this in his testimony

nett, Prof., Union Theological Seminary, New York; Harry F. Ward, Prof. Emeritus of Union Theological Seminary, who was affiliated with at least 27 communist fronts; Bishop G. Bromley Oxnam, former Pres. of the Federal Council; E. Stanley Jones, Federal Council Preacher and Missionary, who said "...God reached out and put his hand on the Russian Communists to produce a juster order..."

The faith of Christianity is forever cast in the footprint of the first American who landed in a barren and unfriendly land and dropped to his knees, giving thanks to Almighty God for the blessings of liberty. It is not found in the petty, mean words of E. Stanley Jones or in the false doctrines of the NCC. One of its members speaking on this false doctrine said: "Of course, I do not believe in the Virgin Birth, or in that old fashioned substitutionary doctrine of atonement ... the theology of our forefathers is an insult to our intellect."

Communists learned they could destroy the church buildings, disperse the congregations and make them afraid to worship God - but they could not destroy the faith which lay in the hearts and minds of men. So they set about to change that and they are using as their principle vehicle the

Communism is a religion

Hughes, who is highly recommended by the NCC wrote a thing titled "Goodbye, Christ." Here is part of it, and it is quoted:

"Listen, Christ, you did all right in your day, I reckon, but that day's gone now ... They've pawned you till you're done wore out. Goodbye, Christ Jesus Lord God Jehova, beat it on away from here now. Make way for a new guy with no religion at all - a real guy named Marx Communist Lenin Peasant Stalin worker, me ... And step on the gas, Christ. Move... The world is mine from now on... Goodbye, Christ, good morning revolution."

What ugliness! What foul immoral degeneracy! What evil to give people of a Christian nation - and in the Holy Name of the Living God!

The peace and security of America lies in its moral conscience. Without it, we are lost in confusion and darkness. God and the

Cross are lost and forgotten by those who preach the new "social gospel" as spoken by the NCC. This is the gospel according to Marx for it says that man's scientific progress makes it possible for him to live without the Redeeming Grace of God.

Reprinted below are the objectives of the Communist Party and the NCC and the parallel is frightening. Read it carefully and then find out if the church you attend is a member of NCC and subscribes to these objectives.

If the National Council of Churches continues to be victorious in their attempt to fill the churches with their apostate social gospel - as surely as the sun, which is raised by the Hand of God, appears each day, the United States of America and human freedom shall perish from this earth - and the sun will rise no more. Pray God that the false prophets fail in their mission.

The conviction was sex perversion and a subsequent arrest of vagrancy and lewdness. Mr. Rustin pleaded guilty to the sex perversion charge." (4)

With men like King and Rustin and a few hundred others like them, leading the Civil Rights movement, and such groups as the Black Muslims, it is small wonder that Los Angeles was pillaged and burned and people beaten into senseless masses and terrorized beyond human endurance.

Ask yourself the question: What would happen to me and a few hundred of my friends if we decided to roam the streets of any city in a mob that was terrorizing an entire city? Would someone write laws for me to protect my "civil rights" because I thought I was frustrated and it was a hot, humid night? The answer is a blunt "no". Yet, the liberals are at it again - hardly before the blood is dry on the street, declaring that what happened in Los Angeles is somehow the "white man's fault." It is somehow their fault that thousands of mad animals turned a city into a living hell of death and terror.

Now, sit back and contemplate your fate - and the fate of every white man in the United States - and the fate of every city in the United States. The rioters may be partially subdued at the moment and the city may be relatively quiet - but how long will it stay that way? How long before they ring the curtain up on the opening perform-

ance of "Revolution, USA?" How long can you, or any decent person, walk the streets of your town without fear clutching at your heart? The Negroes who terrorized and destroyed Los Angeles spit on their own ministers. Do you think they have run out of spit - for you?

How safe are you? How long before it begins again - maybe not in the same place but in other cities. A week? A month? Tomorrow?

The week of terror which passed such a short time ago is only the beginning. You have been witness to the "dress rehearsal."

Editor's Note: There is no relationship between right and wrong and the color of a man's skin. An American is loyal or disloyal, law-abiding or contemptuous of law and order. The color of his skin has no bearing.

The following headline appeared in the Los Angeles Herald Examiner on Tuesday, August 17, 1965:

Reds Backed Riots: Yorty

Communists, their dupes and other demagogues, played a big part in the riots here, Mayor Samuel W. Yorty charged today.

"For some time there has existed a world-wide subversive campaign to stigmatize all police as brutal. The cry of police brutality has been

shouted in cities all over the world by Communists, dupes and demagogues irrespective of the facts.

"Such a campaign has been vigorously pushed here in Los Angeles."

"In fact," Yorty said, "the 'big lie' technique has been used to such an extent that some unthinking people have been misled by the incessant repetition of the lie.

MEET TOLD

A high police official reportedly informed the mayor that a meeting of a Communist-line group composed of top Reds met in Los Angeles Sunday and marked the riots as an "excellent source of trouble for fomenting dissension and hatred of the police department."

'Civil Rights' leaders

Sincere Americans want to know the truth. There is ample evidence of Communist influence within the so-called "non-violent" Civil Rights Movement. The picture on the next page shows Martin Luther King at the Highlander Folk School in Monteagle, Tennessee during the Labor Day week-end of 1957.

Charged with being a subversive organization and after illegally selling liquor and permitting promiscuous lewdness, the school was closed by the state of Tennessee.

Those numbered in the picture are:

1. MARTIN LUTHER KING, JR., President of the Southern Christian Leadership Conference (SCLC).
2. ABNER W. BERRY, of the Central Committee of the Communist Party, U.S.A.
3. AUBREY WILLIAMS, President of the Southern Conference Education Fund, Inc., (SCEF), a Communist front.
4. MYLES HORTON, Director of the Highlander Folk School (for Communist training) Monteagle, Tennessee.

Rustin, a communist sympathizer (6), (7), convicted draft dodger and pervert (8), and racial agitator, as Dr. King's secretary (from about 1955 to 1960), helped organize SCLC which has been used to create "non-violent" racial demonstrations in the South. Rustin went to Scandanavia with Dr. King in 1964, when the latter received the Nobel Prize-- for peace.

HUNTER PITTS O'DELL
— Identified Communist —

King replaced Rustin with Hunter Pitts O'Dell (alias Jack H. O'Dell) about 1960. O'Dell was identified as a communist organizer in New Orleans in 1957 (9) and was elected to the CPUSA national committee in 1961 (10).

Also Anne Braden, Carl Braden, and Dr. James Dombrowski (all identified communists) are supporters or associates of King and are past or present officials of SCEF. (11), (12).

"Non-violence", communist style

DR. KING has stated, "The price that America must pay for the oppression of the Negro is the price of its own destruction". (13) In his book "Stride Toward Freedom", p. 191, KING states "... the racial crisis in America is a part of the larger world crisis."

Two Negro 'Civil Rights' Workers Speak Out

JULIA BROWN

Mrs. Brown, a Negro, joined the Communist Party in Cleveland hoping to improve Negro "civil rights". When she found that CPUSA was a "conspiracy and trying to destroy my country" (14), she notified the FBI. She later was an undercover agent for the FBI for over nine years. Julia Brown was a star witness before the U.S. House Committee on Un-American Activities in 1962.

MANNING JOHNSON

MANNING JOHNSON, a Negro, after ten years as a high official in the Communist Party was prepared to spend the rest of his life waking up his fellow Americans. And this he tried to do before his untimely death, both in his book "Color, Communism, and Common Sense", and in his testimony before the Louisiana Legislature when he stated:

"Let us examine...some of these people who have been in the driver's seat in the

NAACP.... You have Negroes. You have white philanthropists. You have communists, fellow-travelers, some eggheads, and idealists, and people who do not know what they want, combined with Socialists, and Trotskyites... their programs and policies are based upon the teachings of Karl Marx... all of them fighting over the poor Negro. They want to use him in their political plans. They are basically anti-capitalism; they all seek in one form or another the destruction of the government of the United States..." (15)

J. EDGAR HOOVER STATES

J. EDGAR HOOVER testified officially as follows:

"The Negro situation is also being exploited fully and continuously by communists on a national scale... The party's objectives are not to aid the Negroes, but are designed to take advantage of all controversial issues in the race question so as to create unrest, dissention and confusion in the minds of the American people." (16)

"Always alert to exploit discontent and promote disorder, the party continued to regard the civil rights issue as one facet of the class struggle within the capitalist system. With this Marxist-Leninist analysis as a guide, the party has an objective by using the civil rights issue to create a NEGRO-LABOR COALITION which it would dominate to advance the cause of Communism in the United States". Communism is Treason The National Council of Churches of Christ

God and Communism can no more exist side by side than can Capitalism and Communism. One or the other must surely perish. The Communist leaders have said that the most strategic "front" for their attack is the church. They have boasted that "If we can place one dedicated Socialist in a professorship in each American Theological Seminary we will soon capture the American church, and capturing that, we have America." In light of the Communist drive to subvert the church, it is vital that Americans understand the position of the National Council of Churches of Christ in America.

What is the NCC? Briefly its history is this: The Federal Council of Churches was organized in 1908. By the middle thirties it was so heavily infiltrated with Communists that the Office of Naval Intelligence branded it a subversive group.

By 1950, pro-communist extremism in the Council was so apparent that the organization was losing public support. A change of name - but not of policy or leadership - was effected. In Nov. 1950, the Federal Council merged with other church organizations and formed the National Council of churches. The old Federal Council leaders became the leaders of the National Council. The Federal Council "Bulletin" for Dec. 1950, officially announced that "All the work of the Federal Council will continue under the new auspices." The mountain of evidence available bears out the truth of the Bulletin's pronouncement.

Why would ministers of God want to assist the Communist plot to destroy Christianity and America? Part of the answer lies in a statement by former U. S. Rep. Walter Judd. He said: "Ministers do not become communists - communists become ministers." Karl Prussion, one time member of the Communist Party and later, undercover agent for the FBI, verified this in his testimony

nett, Prof., Union Theological Seminary, New York; Harry F. Ward, Prof. Emeritus of Union Theological Seminary, who was affiliated with at least 27 communist fronts; Bishop G. Bromley Oxnam, former Pres. of the Federal Council; E. Stanley Jones, Federal Council Preacher and Missionary, who said "...God reached out and put his hand on the Russian Communists to produce a juster order..."

The faith of Christianity is forever cast in the footprint of the first American who landed in

a barren and unfriendly land and dropped to his knees, giving thanks to Almighty God for the blessings of liberty. It is not found in the petty, mean words of E. Stanley Jones or in the false doctrines of the NCC. One of its members speaking on this false doctrine said: "Of course, I do not believe in the Virgin Birth, or in that old fashioned substitutionary doctrine of atonement ... the theology of our forefathers is an insult to our intellect."

Communists learned they could destroy the church buildings, disperse the congregations and make them afraid to worship God - but they could not destroy the faith which lay in the hearts and minds of men. So they set about to change that and they are using as their principle vehicle the

Communism is treason

Hughes, who is highly recommended by the NCC wrote a thing titled "Goodbye, Christ." Here is part of it, and it is quoted:

"Listen, Christ, you did all right in your day, I reckon, but that day's gone now ... They've pawned you till you're done wore out. Goodbye, Christ Jesus Lord God Jehova, beat it on away from here now. Make way for a new guy with no religion at all - a real guy named Marx Communist Lenin Peasant Stalin worker, me ... And step on the gas, Christ. Move... The world is mine from now on... Goodbye, Christ, good morning revolution."

What ugliness! What foul immoral degeneracy! What evil to give people of a Christian nation - and in the Holy Name of the Living God!

The peace and security of America lies in its moral conscience. Without it, we are lost in confusion and darkness. God and the

Cross are lost and forgotten by those who preach the new "social gospel" as spoken by the NCC. This is the gospel according to Marx for it says that man's scientific progress makes it possible for him to live without the Redeeming Grace of God.

Reprinted below are the objectives of the Communist Party and the NCC and the parallel is frightening. Read it carefully and then find out if the church you attend is a member of NCC and subscribes to these objectives.

In the National Council of Churches continues to be victorious in their attempt to fill the churches with their apostate social gospel - as surely as the sun, which is raised by the Hand of God, appears each day, the United States of America and human freedom shall perish from this earth - and the sun will rise no more. Pray God that the false prophets fail in their mission.

Communism WHO ARE IS TREASON STUDENTS FOR A DEMOCRATIC SOCIETY?

"The 1964-65 school year was a busy time for Communist leaders in all areas of the country, as the party intensified its efforts to attract young people through public appearance on college campuses. Party leaders spoke to more than 37,000 students in 56 appearances during this period. This concentration was aimed at gaining acceptance for the party as legitimate political activity. ..and spreading Communist propaganda.

Another major weapon which the Communist Party is directing against young people is the W. E. B. DuBois Clubs of America. This party-oriented youth organization, founded in June, 1964, at a convention in San Francisco, Calif. which was dominated and controlled by Communists, has as its basic aim the promotion of Marxism-Leninism. The Marxists believe that these clubs.....have great promise in reaching youth. - - -J. EDGAR HOOVER

Students for a Democratic Society, working in cooperation with other groups has moved into the fore-front in demonstrations, marches, parades and protests in opposition to the United States policy in Vietnam. They sponsored the march on Washington on April 17, 1965 and are active in planning other activities from coast to coast.

HISTORY - In 1905 Upton Sinclair and George Strobel drafted a 'call' to form an association to promote socialism among college men and women. In response to the 'call', 100 met and formed the Intercollegiate Socialist Society. One of the charter members of this organization was Walter Lippman. Their publication: Socialist Review.

In 1921 the Intercollegiate Socialist Society changed its name to the League for Industrial Democracy and broadened its aims and purposes. The Student L.I.D. has now become Students for a Democratic Society.

Among the programs of the L.I.D. were the abolition of the R.O.T.C., the abolition of student loyalty oaths and promotion of the Oxford Peace Pledge (not to fight for one's country). Then, as now, they were much concerned with the issue of "Academic Freedom." In 1950 James Farmer became their Student Field Secretary. Farmer, who will resign as head of CORE March 1st, to assume the presidency of a new nationwide literacy training program "National Cooperative Literacy Program," financed by federal and private antipoverty funds, was given credit for organizing L.I.D. chapters at Oberlin and Antioch and reviving chapters at Harvard and Wayne. In 1951 the L.I.D. convention went on record in favor of a "war against poverty," a phrase with a familiar ring.

Communism is Treason

National Secretary of SDS is Clark Kissinger who reportedly advocated at the SDS convention this year that the members deliberately violate the Espionage Act of 1917 by distributing leaflets to servicemen, urging them to desert or adopt other means to avoid participating in the Vietnam War.

From June 9th through June 13th, 1965, the SDS held its National Convention in Michigan. A report shows that there were 250 delegates from 27 colleges present. Male and female delegates shared cabins and used the same toilet facilities. Many went barefoot and the majority were described as unshaven, dirty and unkempt.

Among other organizations represented at this convention were: The Young Socialist Alliance; The Spartacists, another Trotskyite group; the Progressive Labor Party, a pro-Chinese group and the May 2nd Movement.

In the first official statement of SDS, its members consider themselves "the new left," and to accomplish their purposes they call for "national efforts at university reform by an alliance of students and faculty. They must wrest control of the educational process from the administrative bureaucracy.....They must consciously build a base for their assault on the loci of power."

According to a booklet prepared by Tom Hayden (Staff, SDS) the "SDS is an association of young people on the left who seek alternatives to poverty, racism, corporate or military rule in public affairs and governments which people no longer control." The booklet features a photograph which shows a group of beatniks holding a sign proclaiming, "we protest inadequate everything."

Having been spawned by the Fabian Socialist Movement, this organization is simply carrying out Marxist philosophies, moving further to the left and cooperating with radicals, communists and revolutionaries. Mothers and fathers who are sending their children to college for an education often at great sacrifice, should have the facts to inform themselves and their children concerning such organizations.

The Communists plan to influence students is now progressing to the high school level. On Dec. 14th, 1965, according to Crawford High School students, San Diego, Calif., who were eye witnesses, the following occurred: As classes were dismissed, four young people stationed across the street from school, passed out printed sheets, bearing the signature "Students for a Democratic Society." The apparent spokesman for the group was bearded, barefoot and dirty. When the police arrived, he immediately quoted the laws protecting his activity. Excerpts from the sheet amply evidence the distorted and divisive thinking on the part of the Students for a Democratic Society:

"We are students at State College. We're out here because we've been shocked and pushed into realizing that high school students are not children, but are people with all the capabilities and brains and guts possessed by adults. We're here because high school students are pushed around more, with less reason, by stupider administrators than perhaps any group of humans in America, and because you haven't yet had any chance to fight back.

"You people are being stepped on in much the same way as college students are stepped on, only you get it a little harder. The way we see it, you're in a kind of machine. You know yourselves that you're getting a lousy education. You're just receiving much the same stale pabulum that they handed us a couple of years ago, and you probably realize that very little of your education is ever going to be useful. What's most none of the compulsory miseducation is beautiful or interesting or even honest. It's not beautiful because administrators don't give a damn about your interests; it's not honest because your society is dishonest.

"You're going to school in one of the most wasteful of all possible school systems. You could be getting an education better than that given at any private secondary school, but you aren't. Instead, you're being run through a mill that is operated by bureaucrats: stupid people run the show as wastefully and as dully as possible.
